

APPENDIX 5 Be Eco Italy

CLUES

Rubbish is collected separately to do this.

This is how our consumer lifestyle is not at the moment.

If you do this with different materials, you will save the money.

Cars, airplanes and industrial plants do this to the atmosphere.

We need to do this with electric cars' batteries.

We should do this with the environment.

We need to do this in order to have Energy and water for future generations.

Don't do this to forest or there won't be enough oxygen in the future.

By less, use less, waste less can be summed up in a word.
